On April 28, 2018, the Venerable Servant of God, Hanna Chrzanowska (1902-1973), will be beatified in Kraków, Poland. She was a great Polish patriot. During the Second World War, her tireless work with the homeless and refugees in Kraków significantly reduced mass hunger and outright starvation in the over-crowded city. After the war, Hanna, established and coordinated Parish Nursing. She worked for most of her professional life as a qualified nursing instructor in the field of community nursing. She was also a very spiritual and compassionate person. Hanna will be the first lay, registered nurse to be beatified and it is the first time in the history of canonizations that a professional group (in this instance qualified nurses), approached their local bishop to start the canonization process of one of its own members! Hanna was Polish and worked most of her life as a community nurse and teacher of community nurses. She set up Parish Nursing in Poland in the 1960s. She was also a Benedictine oblate of Tyniec Abbey. She was an extra-ordinary woman even if she were not considered for canonization.
